

## Summary of Statistics for August 2007

As has been the case each month since the launch of the National Traffic Information System (eNaTIS) in April this year, a massive number of transactions were performed nationally on the system in August. The 12,980,790 transactions performed included 65,028 learner's licence authorisations, 191,664 driving licence card orders, 90,258 vehicle record introductions, 303,924 vehicle registrations and 848,771 vehicle licensing transactions.

A total number of 3,957,317 transactions were performed via interfaces with other computer systems (such as those of the South African Police Service [SAPS], vehicle manufacturers, banks and insurance companies), while users of the eNaTIS application (at registering authorities, testing stations and provincial authorities) performed 9,023,473 transactions.

Concerning the latter group, the most transactions were performed by Johannesburg (706,828) followed by Cape Town (513,575), Pretoria (497,072) and Durban (271,381).

The SAPS performed the most interface transactions (904,812), while DaimlerChrysler SA (87,593) and Volkswagen of SA (72,787) also performed a significant number of transactions.
